

Can financial regulation avoid a new  
systemic crisis?

# Greece sovereign debt collapses, and the entire world is aware

# Italian banking could be Europe's next systemic crisis

# Financial deregulation allowed banks to take excessive risks

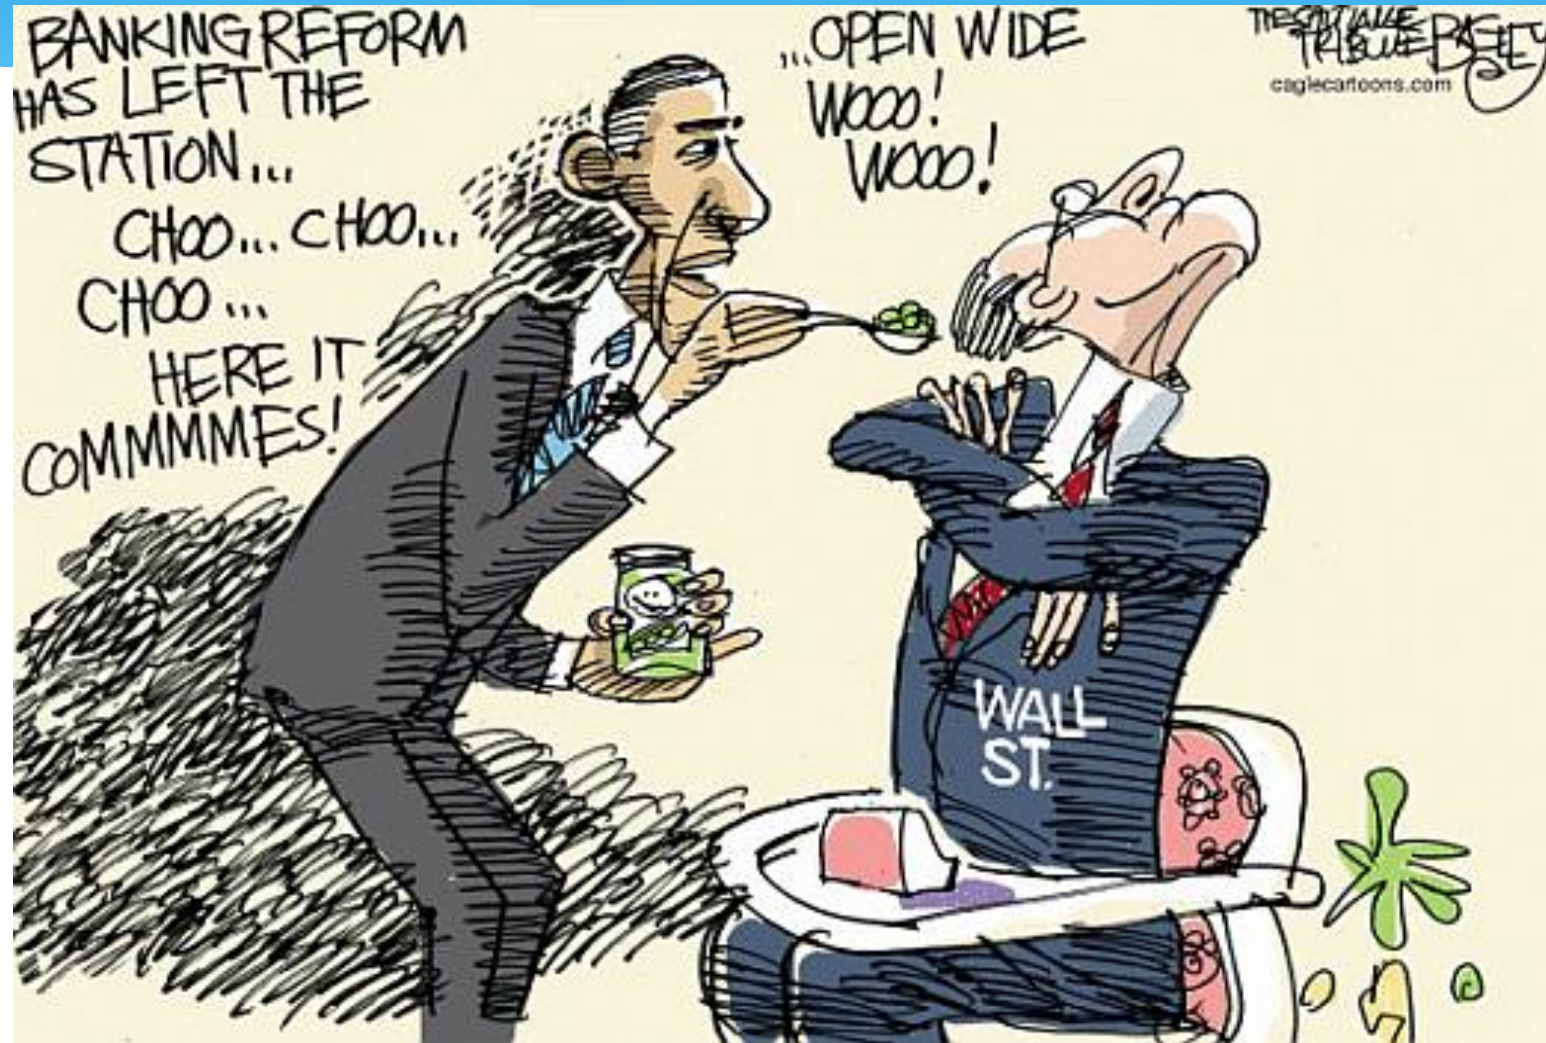

Misled by subprime loans, 10 million American households lost their homes

# Panic on Wall Street: banks didn't trust each other anymore

# Obama regulates the US banking system to protect taxpayers

# Does Donald Trump care about financial stability?

*Ceci n'est pas un président.*

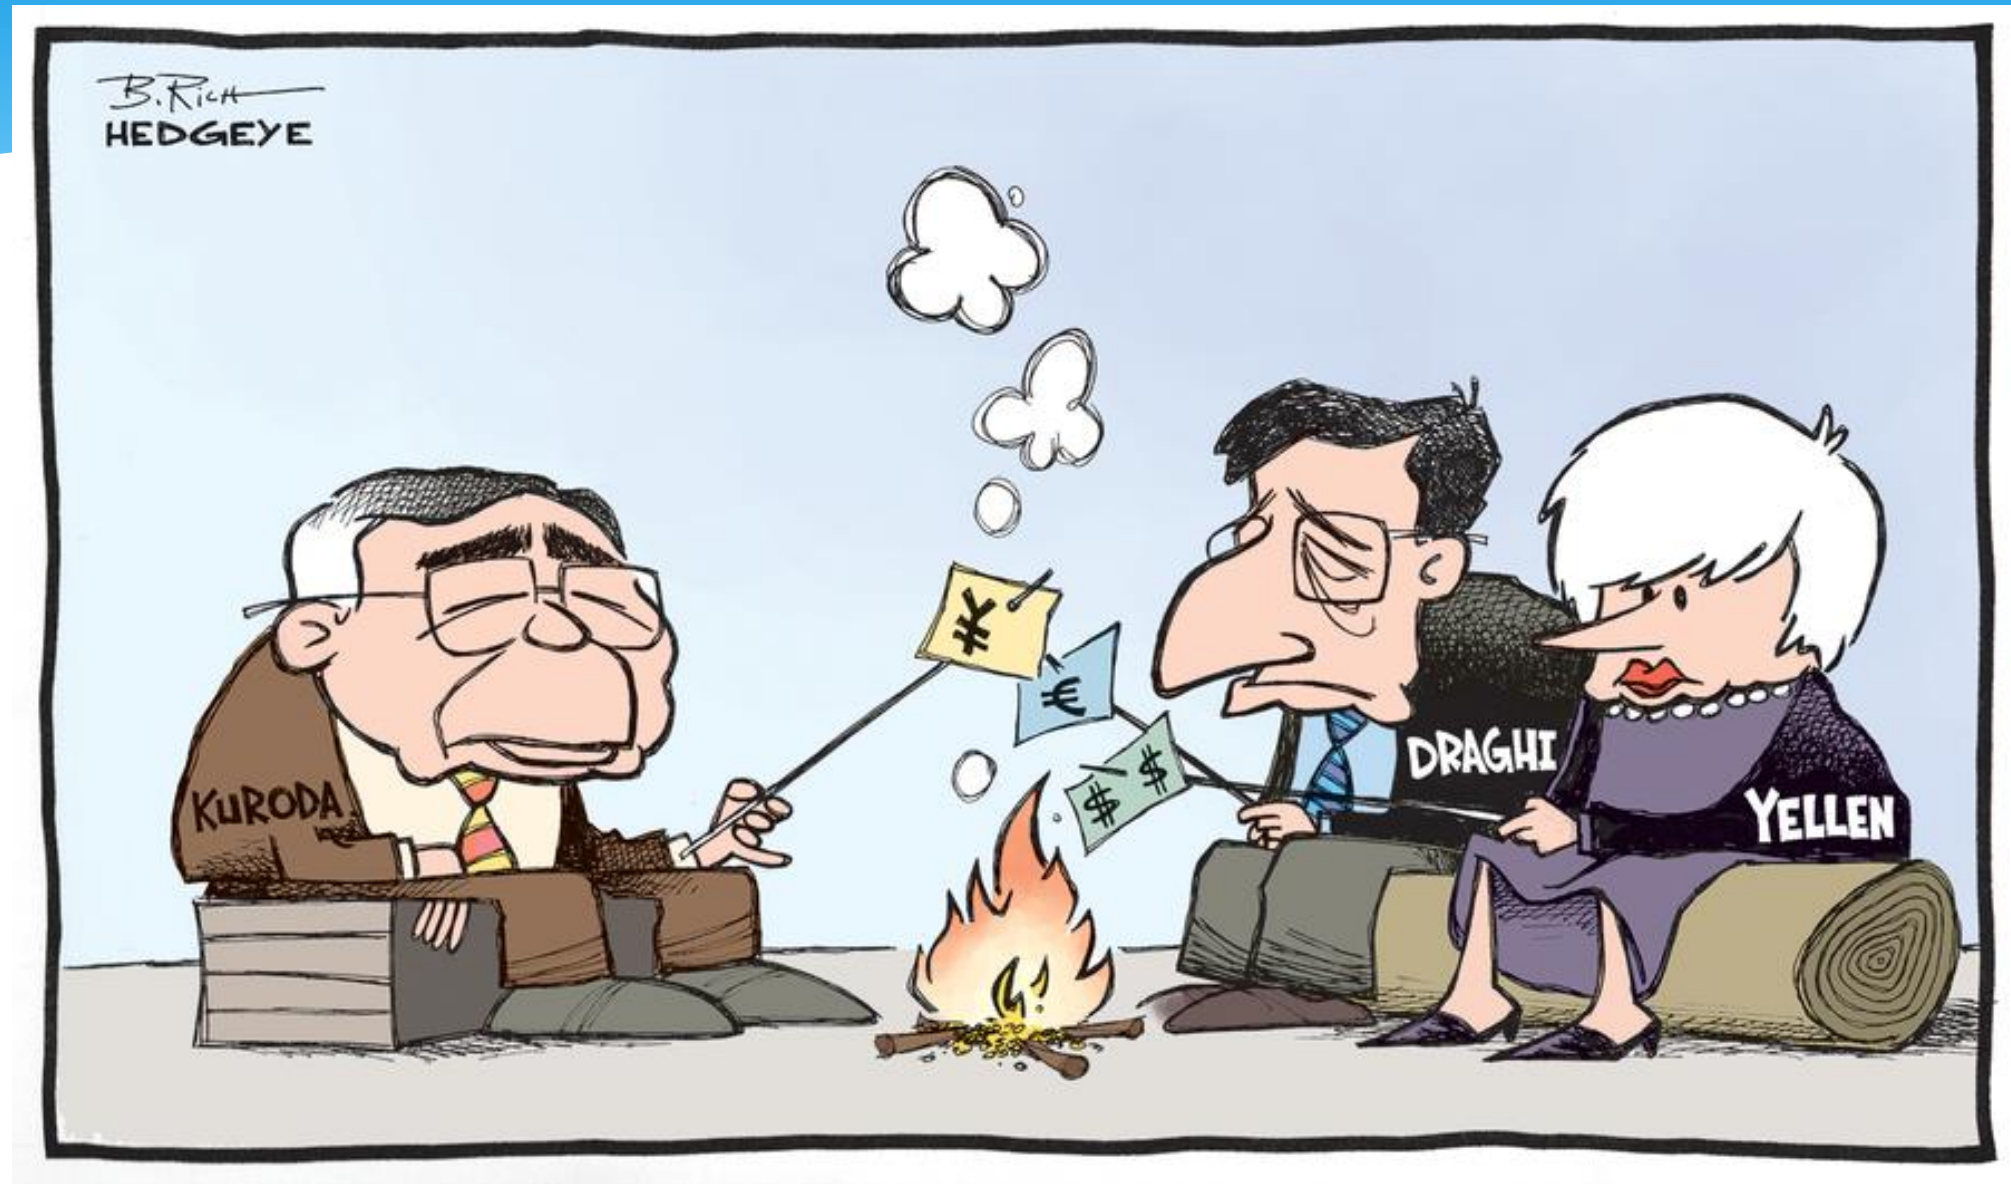

# Trump deregulates US banking without consideration for the risks

# US deregulation could threaten global financial stability

# Are central banks able to face the next banking crisis?

# Government debt is the largest systemic risk
